CLINIC

GEL
BASESPECTRUM
with a high dose of snail slime

BIJO „the wisdom of nature”

www.bijo.pl

Active ingredients

High dose of snail slime, glycosaminoglycans [GAG], hyaluronic acid, L-arginine.

Effects

- Intensive stimulation of skin auto-regeneration processes
- Effective skin protection against water loss during heat-emitting treatments

Indications

Any skin type with visible signs of attenuation of any origin.

A complementary mask during specialized aesthetic treatments

on a gel base [RF, electrostimulation, ultrasound and other],

or as a separate product for manual massage.

Usage/How to use

Apply the activator on cleansed skin of face and neck.

It is recommended to complete the treatment with BIJO IMMUNOSPECTRUM mask. Do not rinse.

THE PRODUCT DOES NOT CONTAIN ANY FRAGRANCE

ingredients:
