

**B·I·J·O™**  
CLINIC

AFTER TREATMENT GEL  
**RUBORSPECTRUM**  
with snail slime

**BIJO** „the wisdom of nature”

[www.bijo.pl](http://www.bijo.pl)

### **Actives:**

Snail slime, panthenol, hyaluronic acid.

### **Action:**

- Stimulation of physiological processes inhibiting skin inflammations
- Reduction of skin redness of different origin
- Skin strengthening

### **Recommendations:**

Every skin type with signs of inflammation, especially after cosmetic or aesthetic treatments. It can be used also as a separate mask with immediate soothing effect, or for at home skin care to support the healing of hypersensitive skin.

### **Application:**

Apply the gel on cleansed skin after the treatment. Do not rinse. It can be used on whole body. After absorption, it is recommended to use the BIJO cream, suitable for specific skin type.

## **FRAGRANCE FREE**
